

## Litter pickers and accessories

For 30 years, Greifboys have been among the most successful litter pickers internationally – “Made in Germany”, of course. With a large number of different types, Greifboys are ideal for use in all sectors of rubbish collection. Based on a maintenance-free, internal mechanical system, they provide maximum durability, functionality and ergonomics. Landscaping specialists, municipalities and cleaning businesses prefer these Greifboys for garbage disposal work, because they pick up a discarded bus ticket just as easily as a large champagne bottle.

## Greifboys advance series

Made in Germany 

Choice of three ergonomic handles

Light weight ensures effortless work

High-strength aluminium tube

Sturdy grabbers made of hardened steel

Choice of four different grabber heads
